

## Daisy

March 11, 2003 - January 26, 2021

I had to say goodbye to my sweet Daisy today. One of the hardest things I've had to do. She has brought so much joy and unconditional love to me and my family over the last almost 18 years (she would have been 18 in March). She has also brought so much comfort during some really tough times. I sure do love you, Daisy. You will be in my heart forever. 💕
