

Jessica

November 1, 2025

Jessica Finlayson was a 15yr old Dwarf Bunny, who was loved by Angela Younts and will be greatly missed.

Jessica was the personal rabbit of Julie Finlayson, the founder of Waccamaw Animal Rescue Mission "WARM"

Julie used to take Jessica to places to teach people about animals and obviously rabbits. She was an educator, as much as she rescued. Jessica was her partner..

Once her health began declining, Julie asked me to take Jessica and care for her.. i took Jessica on and then Julie passed away in 2023.

Jessica was a spirit like no other. She had attitude and a passion for life. She loved to go out and see people and have her hair done with her big bows. She also used to watch t v with us like she did with her former owner Julie..

Jessica's spirit will live on forever. Animals with that kind of attitude will never be forgotten.

So long to Jessica and Julie you both will be greatly missed.
