

## Skip "Puppy Boy" Fish

January 16, 2023

Owner's Name: Ron & Renee Fish, Johnsonville, SC

Pet's Name: Skip "PuppyBoy" Fish

Pet's Breed/Type: Cocker Spaniel (Red & White Party)

Pet's Birth Date/Death Date: June, 2008 – January, 2023

After spending the first 2 – 3 years of his life in a nearby place, God sent Skip to his forever home with pet parents, Ron & Renee Fish . Over the next 2 years, with a little medical attention and a lot of love, Skip transformed into "the PuppyBoy Fish."

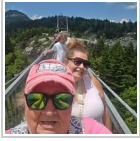

The PuppyBoy Fish enjoyed traveling to the NC mountains with his parents where he would take long hikes along rivers as well as up and down mountain trails; lying on the back of his couch watching the world go by; long naps on mama's side of the big soft bed; riding to the bank in the little blue truck with dad; catching tennis balls; patrolling his backyard kingdom; and being anywhere his parents were. Most of all, the PuppyBoy Fish loved napping in mom's or dad's lap while being rubbed.

Skip has left behind pet parents who miss him terribly every day and who

know

their hearts will never find another "PuppyBoy Fish."

# Tribute Wall

“ Skip.....he loved his mom and dad so much. One of my favorite memories of him was seeing him at the storm door guarding his house every time I drove up. I can still see him looking out the door.

“ He was such a lucky puppy. My heart hurt for you two because I know that he meant the world to you both. May God comfort you in this time.

“ Always so happy. His complete body including tail always wiggled. He loved singing with his dad. When winning talent show he donated winnings back to cause.

Next to my God and his mama Skip was my best little buddy and my shadow. Wherever I was he was right there with me. I never realized what a big space he took up in my heart. Our house feels mighty empty without our puppy boy! We loved him so.....Skips Dad.

Skip's dad, Ron Fish, passed away very quickly and unexpectedly on May 5, 2024. Skip is resting in his dad's left hand as they lie together under the shade of a big oak tree. Mom/Wife Renee misses them both terribly each and every day.
